COURSE GUIDE 2024 MID YEAR INTAKE

Are you ready?

- To have a career you love that really makes a difference?
- To earn fantastic money working for yourself?
- To choose the hours you work to fit around your family?
- To learn in a fun, supportive and flexible environment with other amazing people?
- To be part of something bigger than yourself?

Welcome to Chi Kinesiology School

Hi I'm Nicole,

I have been a Kinesiologist and Teacher for the best part of two decades. I am also the Senior International Faculty Trainer for ICPKP (International College of Professional Kinesiology Practice), so as well as teaching students to become incredible Kinesiologists, I also train and qualify teachers to be able to teach Kinesiology both in Australia and Internationally. In all the years I have spent both in clinic and in the classroom, I have had the pleasure of helping thousands of people change their lives and achieve goals beyond what they thought was possible.

I started Chi Kinesiology School in 2015 when my first son was only 6 weeks old. I quickly realised that returning to work- even to a job that I adored- was not going to be easy with a new baby. I was torn between doing what I love and looking after the family I love. I wondered how everyone else did it and found that the answer was - not easily! So, I decided to change that and find a way I could do both.

I created a school that is flexible, fun, accepting and supportive, while giving my students all of the tools they need to become incredible and successful practitioners, and still meet the demands of their busy lives.

I deliver my classes as a mixture of entertaining online webinars and fun face-to-face classes that my students can fit around their schedules. Weekday classes are scheduled around school hours and holidays. Weekend classes are offered to suit those who work full time.

When I hear my students talk about how much they love studying with me, and I see the successful practices they have created for themselves, it fills me with such pride and gratitude that I have achieved what I set out to do. They have created their dream career. I would love to help you do the same.

The Chi Difference

Chi Kinesiology School is unique in that I have transformed the traditional method of teaching Kinesiology developed in the 90's, into a modern, accessible and fun format that is more suited to the demands of our busy lifestyle.

I am very proud of my Online Learning Platform which gives you the opportunity to access your learning material whenever you need it. It means you can learn the way that suits you at a time that fits your schedule.

It has also been an invaluable tool during the unpredictability of the last couple of years, and meant that we could continue our studies online when face-to-face classes were not an option.

Thankfully we are now back to Face-to-face classes, but it's great to know we are ready to pivot again if we need to in the future.

Courses

Level 1

Kinesiopractic[®] Level 1 (BKP Series)

This is a 13 month program consisting of 13 units that teaches you the basic Kinesiology techniques that you will use for the rest of your career. A brilliantly solid foundation from which you will build upon.

Powerful and inspiring, you will be able to practice as a Student Practitioner upon completion of this level, and enrolment into Level 2.

Level 2

International Diploma of Kinesiology

This course consists of 24 units taught over a further 2.5 years. Once finished you will be a fully qualified and registered Kinesiologist with the skills to make some profound changes to your clients lives. You will be astounded by what you can achieve at this level.

Level 3

International Graduate Diploma of Kinesiopractic[®]

This is where the Masters hang out. 20 units taught over a further 2 years, you will learn advanced Kinesiology techniques that will ensure you will be a practitioner in high demand.

At this level it becomes more than a job. The wisdom you gain here will transform the rest of your life.

Course Delivery

Face-to-face classes are scheduled in line with the school holidays. We start in March and finish in early December, with an Easter break and another one in June, July and September.

Text Book

Your textbook is available to download on your iPad at the start of each new unit. This enables you to thoroughly read and study the unit content before the teaching starts. I have found that this gives you the confidence and knowledge you need to then absorb the information in the webinar and get the most out of the teachings.

Webinars

Using your login details you will access the Online Learning Platform where I have created webinars and teaching videos. The purpose of the webinar is to cover the theory component and to thoroughly explain each of the individual techniques you will learn during our practical class. I also give you video demonstrations as well as case studies of real client experiences. This is all accessible 24/7.

Face-to-face Classes

Our Face-to-face classes are fun and are all about hands on learning. I teach the technical elements to the unit and you get to practice them yourself with my support. The practical days are compulsory, but if you can't make the scheduled time we can schedule a tutorial or you can come next time the unit is offered.

- **WEEKENDS:** One Sunday per unit/month
- **WEEKDAYS:** One Thursday per unit/month

Course Delivery

Q&A Sessions

If you have any questions regarding the current unit, previous units and questions in general, you can email me and they will be answered in a regular Q&A recording sent to your class so everyone gets the benefit.

Student Clinics

I hold regular student clinics where you have the opportunity to see real life clients under supervision. These clinics are voluntary for Levels 1 and 2, and compulsory for Level 3. These are free clinics where you can perform a session on clients who are on my personal waiting list. I encourage you to rebook these clients into your own personal clinic for paid sessions. This is one of the many ways I help you build your business.

Course Cost

LEVEL 1	\$9,230 incl. GST	13 units over 13 months
LEVEL 2	\$17,040 incl. GST	24 units over 2.5 years
LEVEL 3	\$14,200 incl. GST	20 units over 2 years

The cost of each unit for all levels is \$710 incl. GST.

Keep in mind that you are able to start charging for your services after Level 1. Many level 2 students and all level 3 students pay their course fees from the income they have earned seeing clients. Once your business is registered, your course fees are also tax deductible.

Payment options:

OPTION 1 You can pay in FULL upon enrolment and receive a **5% DISCOUNT**. (Please note: you only pay for the level you are enrolling in, not all levels at once).

OPTION 2 You are invoiced and pay for your units as you receive them, which is \$710/month during the school year.

OPTION 3 You can go on a payment plan of \$480/month. You will be signed up to a direct debit agreement for this.

Enrolment Process

How do I apply for this course?

1. Please download and fill in your enrolment form [here](#)
2. Email to nicole@chikinesiology.com.au

I will then book in a phone call with you so you can tell me about yourself and what you want to achieve for your studies. This is an opportunity to ask any other questions and just generally get to meet each other. Once we both agree this is the course and my school is for you, I will process your enrolment.

What Students Say

“...Nicole has the ability to let those around her feel heard and loved. She says it how it is, with grace...” **Kathy**

“...Even whilst discussing the darkest or most difficult of topics, Nicole has this uncanny ability to somehow acknowledge the negativity but also shine positivity to the situation...” **Kim**

“...Nicole’s confidence helps me to trust myself in what I’m doing...” **Erin**

“...I believe Nicole is capable of healing and teaching future woman and men how to be better humans in this world...” **Irene**

“...Nicole’s belief in others has a huge weight and influence on them, and there is something special about the way she teaches that stays with you as a student...” **Kate**

“...Nicole is an incredible teacher. She makes the content not only relatable but she has a way of breaking things down so that we learn them well. She takes any complicated language out and infuses such wisdom and ease. Best teacher I’ve had...” **Catherine**

“...Nicole has a natural ability to read people and situations very well and act according to their needs. She’s also very funny...” **Larni**

“...Nicole’s care and support are just next level. I personally always feel very seen and very supported by her. She is extremely encouraging and she honestly makes me feel like I could do anything.” **Ashley**

“...Nicole has the ability to see people’s strengths when others can’t...”
Naomi

Q: What if I miss a face-to-face class?

A: That's ok. I record every class so you will be able to watch what you missed in your own time. We can then arrange a one on one tutorial to catch you up, or you can repeat the practical class next time it is run. In fact, I encourage all of my students to repeat classes more than once. You are always welcome and it is always free to repeat.

Q: I have a young family. Can I do this course around them?

A: Yes you can. I created this school with a 6 week old baby, and before long I had two babies under 2. We are a very family friendly school and we understand that your family is your number one priority. That is why it is so flexible and supportive. I used to bring my second son to class with me when he was 5 weeks old. If you have a small baby, they are more than welcome to join us in class. As long as I get to have a cuddle.

Q: How much does the course cost? And what are your payment terms?

A:

LEVEL 1	\$9,230 incl. GST	13 units over 13 months
LEVEL 2	\$17,040 incl. GST	24 units over 2.5 years
LEVEL 3	\$14,200 incl. GST	20 units over 2 years

The cost of each unit for all levels is \$710 incl. GST.

There are three payment options you can choose from, and I offer generous payment plans. Full details are on [page 9](#).

Keep in mind that you are able to start charging for your services after Level 1. Many level 2 students and all level 3 students pay their course fees from the income they have earned seeing clients. Once your business is registered, your course fees are also tax deductible.
